

IR touch overlays for 75"-86" C and V series displays

About the Infrared Solution

NEC's line of Infrared (IR) touch overlays are engineered specifically for our high quality commercial grade displays. IR technology allows for incredibly reliable touch performance while creating an integrated look and feel. Fully HID compliant design means that this overlay will work with all major platforms including Mac, Android, Chrome, and Windows. Protective Clear Tempered glass and a steel chassis protect the display from the abuses in high traffic areas. Our IR overlay's modular design allows for future proofing of installations.

Multi-Touch Screen

True multi-touch support with up to ten simultaneous touch points for all major operating systems

Robust Design

Full steel chassis with simplified hook and lock installation

24/7 Commercial

Grade Display Commercial grade display with around the clock functionality

HID Compliant

Maximum compatibility with numerous operating systems, plug-and-play

Ultra-Fast

Response Time Allows for split second reactions between touch point and screen. Rapid and smooth touch response

Tempered Glass

In the event of a glass failure, tempered glass breaks down into pebbles rather than shards, leaving a minimal safety hazard.

Solution Sizes Available

	75"	86"
Display Compatible	C751Q/V754Q	C861Q/V864Q
PART NUMBER	OLR-751	OLR-861
Protective Glass	4mm Clear Tempered Protective Glass	
TOUCH TECHNOLOGY	Infrared	
Touch Points	10 Point	
Response Time	16ms	
Touch Accuracy	+/- 1.5mm (Over 99% Area)	
Interface	Type A USB	
Communication	USB 2.0	
POWER SUPPLY MODE	Single USB connection (5v, 1A)	
Duty Cycle	24/7	
Aspect Ratio	16:9	
ORIENTATION	Portrait / Landscape / Face Up / Face Down	
WIDTH/HEIGHT/DEPTH INCLUDING MONITOR	67.60" x 39.19" x 2.1"	77.25" x 44.63" x 2.10"
Weight Without Monitor	48.4lbs	56.6lbs
OS Support	Windows, Google Chrome, Android, Mac, Linux
